Notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. By December 15 for parents who decide to start home schooling at the beginning of the spring semester; or Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information which might indicate the need for special education services.

Home school students may participate in their resident district's athletic programs, fine arts programs, and special interest clubs and organizations. In order to participate, they must notify principal within the first eleven (11) days of the fall or spring semester and before signups, tryouts, etc.

PARENT-TEACHER COMMUNICATION

The district recognizes the importance of communication between teachers and parents/legal guardians. To help promote positive communication, parent/teacher conferences shall be held once each semester. Parent-teacher conferences are encouraged and may be requested by parents or guardians when they feel they need to discuss their child's progress with his/her teacher.

Teachers are required to communicate during the school year with the parent(s) or legal guardian(s) of each of their students to discuss their academic progress. Two parent/teacher conferences are required each school year. Interim report cards will be issued at four-and-a-half week intervals. The first interim report will be sent home. First and third quarter report cards will be handed out at parent/teacher conferences. Report cards will not be sent home before the conferences. More frequent communication is required with the parent(s) or legal guardian(s) of students who are performing below grade level. As soon as a student is determined to be failing, the teacher must notify the parent or guardian in writing. A copy of the notification will be placed in the student's file. Parents should make sure their contact information is current with their child's school.

PARENT NOTIFICATION

Parents will be notified of all suspensions, in-school suspensions and/or bus suspensions by telephone and/or written correspondence. Please provide the school with current contact information. It is the parent's responsibility to notify the school of any address or telephone changes.

SCHOOL MESSENGER COMMUNICATION SYSTEM

District and school administrators can quickly and easily create custom telephone, text, and email messages to send to parents, designated groups of students or staff, the entire student body or staff, or any other group, such as clubs, sports teams, grade levels, and special needs. Using the School Messenger online interface and a designated toll-free telephone number, authorized administrators are able to schedule, edit, and record several messages simultaneously using this automated parent notification system.

In the event of an emergency, it is critical to inform people of the situation as soon as possible. School Messenger Emergency Notification service is capable of contacting specific groups of staff or general populations of parents and students within moments to share information or set emergency procedures in place.

MEETING WITH TEACHERS

Teachers have one class period set aside in their work schedule to meet with parents or students every school day. Please feel free to call the school, find out when your teacher's conference period is, and schedule a meeting with the teacher.

You will be receiving notices about opportunities to meet with teachers and administrators in the evening two times during the school year—these are our parent-teacher conference meetings. We hope you can make time to come see your child's school and meet your child's teachers. Our special thanks to parents who attend all parent-teacher conferences. You are invited to visit the parent information center in your school library. If you wish to visit a classroom, you must schedule the visit through the principal's office and sign in at the office before going to a classroom or any other location in a school building.

ABSENCES, CHECK-OUTS, AND EXCUSE NOTES

Attending school and arriving on time are essential to a child's success as a student. Attendance in the early school years has a lot to do with how well your child does in school later on. School attendance is also regulated by state laws that make the parent responsible. Please make every effort to have your child at school on time every day school is open.

When a child is absent from school, a note of explanation must be written, signed by a parent, and given to your child's teacher or front office when the student returns to school before the absence can be excused. If the parent's note does not contain an excuse that is acceptable to the principal, the absence will be unexcused. At the school's discretion, a parent may be required to obtain additional documentation—such as a doctor's note or a note from an agency representative—before excusing an absence. When a child's absence is unexcused, the student is not allowed to make up missed work. After five (5) days of a student not being present in the classroom, the parents will receive a letter from the school. After ten (10) unexcused absences the student could lose course credit, fail to be promoted to the next grade, not graduate, and/or a FINS (Family in Need of Services) could be filed with the Juvenile Court.

A child will be considered tardy if he/she arrives at school later than 8:05 a.m. If a child leaves school before 2:50 p.m., he/she will be considered as leaving school early. Unexcused tardies may result in a conference with parent/guardian and/or filing FINS (Family in Need of Services) with the Juvenile Court. If a child is tardy due to a doctor or dentist appointment, you must bring a note from the doctor or dentist for it to be excused. Otherwise, tardies and early checkouts will not be excused. When checking out a student early, the parent/guardian must physically come into the front office and present a picture ID, the name of the person

checking out the student must be listed on the information sheet. Phone calls requesting a student to be checked out **will not** be allowed.

ACCESS TO STUDENT RECORDS

Official student records shall be kept for each student attending Watson Chapel Schools in which the student is currently enrolled. Such records may include, but are not necessarily limited to, identifying data; academic work completed; level of achievement (grades, standardized test scores); attendance data; scores on standardized intelligence, aptitude, and psychological tests; interest inventory results; health data; family background information; teacher or counselor ratings and observations; and verified reports of serious or recurrent behavior patterns. The person making the request is also entitled to the opportunity to receive an interpretation of the records, the right to question those data, and if a difference of opinion is noted, shall be permitted to file a letter in the records stating his/her opinion. PARENTAL/COMMUNITY INVOLVEMENT – DISTRICT

The Watson Chapel School District understands the importance of involving parents and the community as a whole in promoting higher student achievement and general good will between the district and those it serves. Therefore, the district shall strive to develop and maintain the capacity for meaningful and productive parental and community involvement that will result in partnerships that are mutually beneficial to the school, students, parents, and the community. To achieve such ends, the district shall work to:

1: Jointly Developed Expectations and Objectives: Does the District Parent and Family Engagement Plan describe how the district will accomplish each of the required components?

The Watson Chapel School District will foster effective parental involvement strategies, coordinate parental involvement activities with those of other programs, and support partnerships among school, parents, and the community to improve student achievement by establishing a Parent Advisory Council, which will include: Parents, Teachers, and Community Leaders.

This committee will meet annually to review the Parental Involvement Plan. The Parent Advisory Council will meet in May to review the effectiveness of the District Parent Involvement Policy and revise the District Parent Involvement Policy for the upcoming school year. The district parental coordinator will coordinate the meeting. The District Parent Involvement Policy will be placed on the Watson Chapel School District homepage for parents.

We have five Title I schools. Each of the five schools has a parent involvement coordinator who serves as the contact person. They are: Edgewood Elementary – Susan Albright, L.L. Owen Elementary - Shelly Peyton, Coleman Intermediate - Amanda Tidwell, Watson Chapel Jr. High School - Susan Moser, and Watson Chapel High School – Gerald Jeffers. These parental involvement coordinators implement parental involvement activities as well disseminate information to the community to promote parental involvement in the Title I, Part A schools.

Parental Involvement activities are coordinated with those other programs such as Parents as Teachers program and Home Instruction Program for Preschool Youngsters. Pamphlets and flyers are disseminated at the Parents as Teachers and Home Instruction Program for Preschool Youngsters when meetings are held at Arkansas River Education Service Center. A representative from the district is available to speak to parents at the organizations and to answer questions for parents.

Arkansas Child Find flyers are made available to parents at all parent/teacher conferences across the district explaining parent involvement activities. Flyers are also available at the Public Library and at business in the committee. Training will be provided which will give committee members strategies to implement in the local schools. In addition, Watson Chapel School District will coordinate parental involvement activities with those of other programs. Each school will establish a Parent Facilitator to oversee Parental Involvement implementation. A survey (annual review) of the effectiveness of the parental involvement policy will be utilized to get feedback. The Parental Involvement Survey from the previous year will be analyzed to better meet the needs of the Parents. In addition, a perception survey will be sent to all parents to determine perceptions of each school's effectiveness.

Watson Chapel School District will reserve a minimum of 1% of the district's Title I, Part A allocation for parental involvement. Schools will involve parents in annual meetings led by the school's parent involvement facilitator to review the school parent involvement plan

2: Building Staff Capacity through Training and Technical Assistance: Does the District Parent and Family Engagement Plan describe how the district will accomplish each of the required components?

The Parent Coordinator will conduct ongoing site visits to observe parental involvement practices. The Parent Coordinator will enhance the awareness and skills of teachers, pupil service personnel, principals and staff in reaching out to, communicating with and working with parents as equal partners. In addition the district will: Monitor each Title I, Part A School to ensure that each school performs the following tasks:

1. Ensure professional development requirements are met for teachers and administrators
2. Require minimum professional development hours for teachers and administrators
3. Provide training at least annually for any volunteer.
4. The school parent facilitator will assist with the development of the school's parental involvement policy. The school parent facilitator will provide an electronic copy of the school's parent involvement policy to the district Parent Coordinator. Each school's plan will be placed on Watson Chapel School District webpage and will be distributed at school parent involvement meetings.
5. School Parent Facilitators will offer flexible meeting times.
 1. Each school's parent facilitator and principal will provide information to parents about the school's program, include parent information guide.
 6. Each school's parent facilitator and principal will develop and use the School-Parent Compact.
 7. Provide training for parents in working with their child to improve academic achievement
2. Encourage parents to visit/volunteer at school by assisting staff in developing volunteer opportunities as well as training staff to encourage and build volunteer efforts.
3. Encourage parent participation through innovative scheduling of activities through strategies such as holding meetings at a variety of times, such as morning and evening, in order to maximize the opportunities for parents to participate in school-related activities.
4. The school's parent facilitator will provide materials and training to help parents work with their children to improve academic achievement.

Each Title I school will provide the date of the trainings, the topic that will be covered, and the name of the facilitator and their contact number in their individual school plan. Parental Involvement trainings will be held to train Parent Facilitators on effective Parental Involvement practices. Parent Facilitators will take the

information back to the local school. Perception surveys and other parental involvement surveys will be developed for each school's use.

The district Parent Facilitator will attend conferences and outside trainings to provide meaningful technical assistance. Trainings will be conducted to train Administrators in every building in dealing with better ways of Communicating with Parents.

3: Building Parent Capacity: Does the District Parent and Family Engagement Plan describe how the district will accomplish each of the required components?

There is a strong connection exists between parent involvement and school climate. When parent involvement and school climate are aligned, students succeed academically, attendance improves, and matriculation rates increase. However, when the school climate at a school isn't welcoming, parents may not become involved. Strategies for creating a positive school climate that can facilitate family partnerships. Parents' negative views of schools change when school try to reach out to them. Schools can do this by sending positive phone calls, e-mails, or letters to the home. By sending positive messages home to parents, schools send a message to parents that they are on their side. Parents are more likely to become involved at schools where they feel wanted and comfortable. Furthermore, parents feel valued when schools show enthusiasm and understanding towards working with families from diverse backgrounds. Parents also feel valued and accepted when schools try to create a climate of inclusiveness. Involving parents on school governance and policy building teams, create a feeling of acceptance by parents. Watson Chapel would like to involve families by creating: (a) parent centers, (b) home visitor programs, and (c) action research teams which examine strategies for involving parents. These three strategies can help schools create home-school collaboration. Developing partnerships or relationships with parents is essential in creating a positive school climate. Unfortunately, many schools are not organized in ways to foster parent relationships. Time management, training, along with school policies and structures prohibit some teachers from working collaboratively with parents. Unless parents and teachers make time to communicate wants and needs to each other, positive relationships may never develop.

1. The school's parent facilitator and principal will provide information to participating parents in such areas as national, state, and local education goals, including parent's rights as defined in Title I, Part A.
2. The school's parent facilitator will assist in the development of parent engagement groups at their school.
3. The district Title I Parent Coordinator and school parent facilitators will involve parents through an annual survey to improve school effectiveness.
4. Approve reasonable and necessary expenses associated with parental involvement activities.
5. Provide any reasonable support for parental involvement at the request of participating Title I, Part A schools. If additional support is needed, the district Title I Parent Coordinator will provide support at the request of participating Title I, Part A schools for additional resources for parents to learn about child development, child rearing practices, and academic strategies that are designed to help parents become full partners in the education of their child.

4: Reservation and Evaluation: Does the District Parent and Family Engagement Plan describe how the district will accomplish each of the required components?

1. Parents are surveyed annually, including questions to identify barriers to parental involvement. The school improvement coordinator will be responsible for disseminating the surveys and will report to the committee the results of the survey.

2. An opportunity is provided for the parents to assist in the development of the evaluation procedures, including analysis of data collected. An annual review of the effectiveness of the parental involvement policy will be conducted before the closing the school year. This will involve parents and coordinators from each of the five district schools. This committee will meet in May and review parental involvement activities and will plan activities for the next year with a goal of involving all parents.
3. Findings from the evaluation process are used to make recommendations to each participating school for parental involvement policy revision and to provide suggestions for designing school improvement policies, as they relate to parental involvement. Each school's committee will meet with the district parental involvement committee and will review the findings and will update each school's plan to reflect the findings.
4. An annual parent activity evaluation report will be developed by each school's committee and by the district committee. The report will be disseminated by each committee to share with parents, staff and the community.
5. Open meetings will be held to discuss the findings. All changes made to the parental involvement policy will be documented and will be approved by the school board and will be included in the handbooks and on the Watson Chapel School District website.
6. The school will engage parents in decision making about the allocation of its Title I, Part A funds for parent and family engagement. (Principal, Math & Literacy Facilitators). The 90% of 1% of funding is allocated to our title I schools. These funds are used to allocate activities for parental engagement.

5: Coordination: Does the District Parent and Family Engagement Plan describe how the district will accomplish each of the required components?

Watson Chapel School District collaborates with many agencies in order to create learning opportunities for families. There are many community partnerships within the city of Pine Bluff Through collaboration with the Arkansas River Educational Cooperative, we have provided classrooms within our elementary school for children enrolled in preschool. WCSD also partners with Living Vessels Organization which provides donations for our students. Gould Youth Ministries provided meals for our students and community during the summer. Delta Network Food Bank supports our backpack program for students this school year. The Jefferson County Public Library is another active community partner. The WCSD children's librarian provides monthly calendars of library events, which are provided to all students and their families. These community partners participate in school planning, volunteer in classrooms, contribute time and money to school projects/activities and share resources.

DELIVERIES TO STUDENTS

Disruption to the school day and additional work for school personnel mandate that deliveries to students during the school day be limited. Students may not receive flowers or gift-type deliveries, or party invitations at school. Such deliveries will be refused and returned. If the parent wishes to have lunch with their child, they are welcome to do so in the school cafeteria. Parents and friends of students are not allowed to bring deliveries of any kind to a student at school. Classroom teachers may have special events, such as parties, where parents are asked to bring food. Because of health issues the refreshments brought for these events must be purchased from a store or bakery. Homemade goods, such as cookies and cake are not allowed.

CLASS INTERRUPTIONS

Academic classes shall not be interrupted for extracurricular activities without approval by the principal. Intercom announcements shall be kept to the minimum necessary for dealing with emergency situations. Students will not be allowed to go on field trips without parental permission.

VISITATION

Contact by Parents/Guardians

Parents wishing to speak to their children during the school day shall register first with the office.

Contact by Non-Custodial Parents

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or his/her designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal.

Unless prior arrangements have been made with the school's principal, Arkansas law provides that the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation.

Contact by Law Enforcement, Social Services, or Court Orders

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If Watson Chapel School District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having

lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

Contact by Professional Licensure Standards Board Investigators

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

Other Visitors

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office.

GRADING SYSTEM (Grades 1-12)

Grades assigned to students for performance in a course shall reflect the extent to which the student has achieved the expressed academic objectives of the course. Grades are reported each nine weeks and are assigned to students reflecting the educational objectives only and rules of the AR code 6-18-223. All regular courses will continue to receive: AR code 6-15-902. The following grading scale shall be used by all schools, grades 1-12, for all courses offered except advanced placement, college placement, International Baccalaureate and honors courses:

Performance %	Letter Grade	Numeric Value
90-100	A	4
80-89	B	3
70-79	C	2
60-69	D	1
0-59	F	0

KINDERGARTEN GRADING SCALE

SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASS OF 2018 AND THEREAFTER

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are 18 years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, both a *Smart Core Informed Consent Form* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh grade, or when a 7-12 grade student enrolls in the district for the first time and there is not a signed form in the student's permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students' permanent record.

Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP (when applicable) to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

CONCURRENT CREDIT

A ninth through twelfth grade student who successfully completes a college course(s) from a publicly supported community college, technical college, four-year college or university, or private institution with which Watson Chapel High School has an articulated agreement shall be given credit toward high school grades and graduation at the rate of one full year's high school credit for a three (3)-hour college credit course. Additionally, a three-hour college remedial/developmental education course shall be the equivalent of one-half unit of credit as a high school career focus elective and cannot be used to meet the core subject area requirements in English and/or mathematics. Unless approved by the school's principal, prior to enrolling for the course, the concurrent credit shall be applied toward the student's graduation requirements as an elective. Students will retain concurrent credit applied toward a course required for high school graduation from a previously attended, accredited, public school. Any and all costs of higher education courses taken for concurrent credit are the student's responsibility.

ADVANCED PLACEMENT AND BACCALAUREATE GRADING

Although Watson Chapel School District is **not** a member of the International Baccalaureate (IB) Program, students transferring into the District from another Advanced Placement (AP) or IB program will be awarded credit as outlined by the Arkansas Department of Education. Weighted Credit for designated AP and IB courses will be contingent upon the AP/IB teacher obtaining applicable training; the student taking the entire AP/IB course offered in a particular subject; the student completing the applicable test offered by the College Board for AP at the end of the AP course or the applicable test offered by IB at the time prescribed by IB. For students who transfer into Watson Chapel School District and who have credit for ADE Approved Honors Courses in their previous school as reflected on the incoming transcript, these students will receive the additional quality points (same as for AP and IB) for GPA purposes.

SPECIAL EDUCATION

Watson Chapel School District shall provide a free appropriate public education and necessary related services to all children with disabilities residing within the district, required under the Individuals With Disabilities Education Act (“IDEA”), Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act, and Arkansas Statutes.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in state and federal statutes which govern special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities. Among the coordinator's responsibilities shall be ensuring district enforcement of the due process rights of students with disabilities and their parents.

Alternative Pathway for Graduation

Beginning with the 2020-21 School Year, incoming freshman with IEPs who are not participating in Smart Core must either meet the requirements for the core pathway or alternate pathway in order to graduate with a regular diploma. To pursue the Alternate Pathway to Graduation, the student must have a significant cognitive disability and meet the criteria for and participate in the state's alternate assessment.

EMERGENCY CARE AND TREATMENT

In the event a student becomes ill or injured while at school, school personnel will attempt to notify the parent/guardian or other contacts on record. It is important that the parent or guardian keep school personnel informed of any changes in emergency contact information including names and phone numbers. In the event of a life threatening illness or injury, 9-1-1 will be called to dispatch EMS/ambulance services. At the direction of the school nurse. The parent/guardian is responsible for any expenses. Rendering of first aid by school personnel will depend on the experience and judgment of the personnel involved.

Students who are ill should be kept at home. If the temperature is over 100 degrees the child should remain at home. The student should be fever free for 24 hours without the use of fever reducing medication before returning to school. Students having vomiting or diarrhea not related to an ongoing stomach disorder should not come to school. Stomach viruses are contagious and can easily spread.

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student's parent or guardian. The student will remain in a place where he/she can be supervised until the end of the school day or until the parent/guardian can check the student out of school.

MEDICATION GUIDELINES

Prior to administration of any medication to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the school district and its employees of civil liability for damages or injuries resulting from the administration of

medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

Parents or guardians should administer medications at home, unless specifically ordered by a provider with prescriptive authority (MD, DO, APRN, DDS, OD) to be given during school hours. The following guidelines are in place in order for medication to be administered at school.

1. A current school year prescription written by a provider must be on file. Orders do not carry over from year to year. All medications and supplies **MUST** be provided to the school by the parent.
2. A parent or guardian must sign permission for the medication to be given at school for any student under 18 years of age.
3. No over the counter (OTC) medication (such as Tylenol, Motrin, cough syrup, antacids) will be given at school without a written provider order.
4. All medication must be in the original pharmacy container with the prescription label on the container. OTC medication must be in the original factory labeled container. The pharmacy will provide a separate labeled bottle so medication that may need to be given at home and at school will be in properly labeled containers.
5. Medication is to be brought to school by a parent or guardian or other designated adult. At no time should any medication be in the possession of a student except as noted below.
6. Medication will be counted by the nurse and parent/guardian and a receipt given to the parent/guardian to show the medication was received.
7. All controlled substance medications will be stored in a double locked mounted cabinet in the health office.
8. Students who need to carry an Epi-pen, inhaler, or diabetic supplies in their possession at all times must have a provider order to do so. Parents/guardians are encouraged to provide the health office with an Epi-pen or inhaler so the medicine is available in case the student forgets to bring the medication with them to school.
9. Medications that have expired or been discontinued must be picked up by a parent or guardian. This includes medication left over at the end of the school year. Any medication not picked up will be destroyed in compliance with Arkansas Department of Health Division of Pharmacy Services.
10. Students who are found to have medications on their person without a provider order on file will:
 - a. Surrender the medication to the principal who will contact the parent
 - b. If students are found to have controlled substance medications on their person the Resource Officer will be notified. The medication will be turned over to the Resource Officer. Understand that carrying non prescribed controlled substances can result in arrest.

A student is prohibited from sharing, transferring, or in any way diverting his/her medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or combination does not require him/her to have such on his/her

person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue-inhaler, auto-injectable epinephrine, diabetes medication, or any combination on his/her person shall provide the school with the appropriate medication, which shall be immediately available to the student in an emergency.

Students may be administered Glucagon, insulin, or both in emergency situations by the school nurse or, in the absence of the school nurse, a trained volunteer school employee designated as a care provider, provided that the student has:

1. An IHP that provides for the administration of Glucagon, insulin, or both in an emergency situation; and
2. A current, valid consent form on file from their parent/guardian.

A student shall have access to a private area to perform diabetes monitoring and treatment functions as outlined in the student's IHP.

COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by a parent/guardian. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

Standard precaution shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions, and excretions (except sweat). The district shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunizations which shall be education records.

REQUIRED IMMUNIZATIONS FOR SCHOOL ATTENDANCE

Watson Chapel School District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation. The only types of proof of immunization the District will accept are immunization records provided by a:

- Licensed physician;
- Health department;
- Military service; or
- Official record from another educational institution in Arkansas.

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating "up-to-date", "complete", "adequate", and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted. Valid proof of immunization and of immunity based on serological testing shall be entered into the student's record. In order to continue attending classes in the District, the student must have submitted:

1. Proof of immunization showing the student to be fully age appropriately vaccinated;

2. Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student's next immunization;
3. A copy of a letter from ADH indicating immunity based on serologic testing; and/or
4. HEAD LICE

"Head Lice" are parasitic insects found in the hair or scalp of humans. Head lice are transmitted from one person to the other by direct head to head contact. Lice do not spread disease. The school nurse may examine students on a random basis for lice infestation. A parent or guardian of any student found to have infestation of lice will be contacted so that treatment can begin. The nurse can provide the parents/guardians with verbal and or written information on lice treatment and prevention.

HEALTH SCREENINGS

The school district will conduct annual health screenings in the following areas as required by the Department of Education and the Department of Health:

- A. Dental screening
- B. Vision screening
- C. Hearing screening
- D. Scoliosis screening
- E. Body Mass Index (BMI).

School nurses will make the necessary arrangements for these screenings. Parents or guardians that do not wish to have their child screened must provide a written refusal to the school before August 31 as screens will begin the first week of September.

ACCIDENT INSURANCE

If students or parents wish to purchase accident insurance, they may do so at the beginning of school. The school district pays for limited accident insurance—such as for athletics and school bus liability—but paying for medical expenses related to a student being hurt at school is the parent's obligation, not the school's. ***The insurance forms can be picked up in the front office of the school.*** For this reason, we allow a private insurance company to make insurance available to everyone who wants to buy it at the beginning of the year. If you do not already have private health insurance, we suggest that you purchase the accident insurance that is offered. When students covered by insurance are injured, they should fill out claim forms from the office as soon as possible, and the school will forward them to the insurance company.

GUIDELINES FOR WATSON CHAPEL CAFETERIAS

Watson Chapel School District will participate in the Community Eligibility Provision (CEP) for the 2020-21 school year. This program allows all schools in the Watson Chapel School District to serve breakfast and lunch at no cost to all enrolled students without collecting household applications.

MEAL LOCATIONS:

- Food may not be taken from the cafeteria with the exception of the Grab and Go Breakfast at the High School and Junior High Schools.

Watson Chapel Schools are closed campuses. Students may not order out or have food delivered during the school day.

Students may not sell food outside of school fundraisers at school.

FOOD FROM HOME:

All foods sold or provided to students must meet the Federal Smart Snack guidelines. Therefore, we ask that you do not send food as treats to your child's class. If you wish to celebrate any special days, please talk to your child's teacher in advance and plan to bring non-food items, such as puzzles or small toys.

LUNCHES FROM HOME:

Your child is still free to bring food from home for personal consumption. Lunches may be brought to school in regular school lunch boxes or a personal size bag. Students may not bring larger quantities of food to school. Students may bring beverages with their lunch so long as they are not in glass containers—thermos bottles or foil pouch drinks are best.

VENDING MACHINES

Watson Chapel High School and Jr. High School provides beverage vending machines that are on timers and can be used during certain times of the day.

ARRIVAL AND DISMISSAL

Edgewood Elementary School

Bus Riders: All students who are bus riders can only be changed to a car rider by a written note or phone call to the office by 2:00 p.m. No verbal communication by a student can change bus information

Car Riders: All students who are car riders must exit the car on the right side and walk on the sidewalk to the door. Parents should remain in the line and not pass the other cars in front of them. If you park and come in to pick up your child early you must have a picture ID and sign out the student.

L. L. Owen Elementary School

Please do not bring children to school before 7:30 a.m. – teachers will not be on duty until 7:30 a.m. and your children will be unattended if you drop them off. Please bring children to school in time to walk to their classrooms before 7:55 a.m. Class begins at 7:55 a.m. Students who arrive after 8:00 a.m. must go to the office for tardy slip.

Afternoon car riders are loaded from the end of the 2nd grade building. Duty staff will load several cars at a time. Drivers are to remain in their cars unless the vehicle is parked in a designated parking space. Adults who park in a parking space but then leave their vehicle to personally escort students to the vehicle must come to the office to check out their child. It takes approximately 10 minutes from the time car riders are dismissed by the bell until the last child is picked up from the designated pick-up area. Please use caution, patience, and common courtesy when lining up to drop off or pick up students. Always pull forward as much as possible when dropping off and picking up students. Use only one drop-off lane in the morning--stay left when entering the campus in the morning so that buses may use the right lane. In the afternoon, there are five pick-up lanes,

and passenger vehicles may enter using either the right or left side of the entrance in the afternoon only. The school employees supervising and directing the drop-off and pick-up of students have the full authority of the Principal—please pay attention to and obey their directions.

For the safety of all our students, we have made the following changes to our pick-up policy.

Bus Riders: All students who are bus riders are not to change from being a bus rider to a car rider without a written note from a parent/guardian. We will not take a student's word or a phone call because of identity verification reasons. If you need to check out a student who rides a bus on a daily basis, you must come into the office and sign out the student

Car Riders: All students who are car riders can only be picked up in the car line by cars displaying a rear view mirror tag that has been issued by the school. All parents/guardians who want to pick up a student as a car rider and do not have a rear view mirror tag must park and come into the office and sign out the student.

Pick-Up List:

If you send anyone who is not on your child's pick-up list, we will call you to verify that the person is to pick up your child. If we are unable to contact you, your child will take his/her regular transportation home.

Coleman Intermediate School

Students may not park outside their assigned school parking zones. Students may not move or enter a vehicle during the school day. Any violation of vehicle registration and parking procedures as established by the school administration may result in loss of parking privileges.

VIDEO SURVEILLANCE

Watson Chapel School Board has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras. The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras

may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras. The district may retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording.

Videos containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; and release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment shall be subject to appropriate discipline action and referral to appropriate law enforcement authorities.

TOBACCO AND TOBACCO PRODUCTS

Smoking or use of tobacco or products containing tobacco in any form (including, but not limited to, E-cigarettes, vapes and/or vaping devices, cigarettes, cigars, chewing tobacco, and snuff) in or on any real property owned or leased by a District school, including school buses owned or leased by the District, is prohibited. Students who violate this policy may be subject to legal proceedings in addition to student disciplinary measures. This policy shall also apply to school sponsored events that are held off school property.

With the exception of recognized tobacco cessation products, this policy's prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pipes, or under any other name or descriptor.

DRUGS AND ALCOHOL

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools. Therefore, no student in the Watson Chapel School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who: is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; or is in route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to, alcohol, or any alcoholic beverage, inhalants or any ingestible matter that alter a student's ability to act, think, or respond, LSD, or any other hallucinogen, marijuana, cocaine, heroin, or any other narcotic drug, PCP, amphetamines, steroids, "designer drugs," look-alike drugs, or any controlled substance.

Selling, distributing, or attempting to sell or distribute, or using over-the-counter or prescription drugs not in accordance with the recommended dosage is prohibited.

VAPING

The Watson Chapel School Board recognizes that the use of tobacco products is a health, safety, and environmental hazard for students, employees, visitors, and school facilities. The Board believes that the use of tobacco products on school grounds, in school buildings and facilities, on school property or at school-related or school-sponsored events is detrimental to the health and safety of students, staff and visitors. The Board acknowledges that adult employees and visitors serve as role models for students. The Board recognizes that it has an obligation to promote positive role models in schools and to promote a healthy learning and working environment, free from unwanted smoke and tobacco use for the students, employees, and visitors on the school campus.

In 2018, nearly half (44.3%) of 12th graders reported using an e-cigarette at least once during their lifetime, up from 39.3% in 2017. For 10th graders, the percentage is 36.9%, up 6.4 percentage points from 2017. Even children in intermediate grades are getting their hands on e-cigarettes: 6.8% of sixth graders reported that they have used an e-cigarette at least once during their lifetime.

The health and safety of our students is a top priority, so we feel it is necessary to inform you of a major concern in schools across the country. The presence and use of e-cigarette/vaping devices has drastically increased among teens and adolescents. We take this issue seriously and are concerned with the effects these devices have on our students. We would like to provide you with some valuable information regarding vaping. We are aware there are varying levels of understanding, so we will attempt to answer some basic questions.

1. What is vaping?

Vaping is the act of inhaling a vapor that is produced by an electronic vaporizer or e-cigarette. The vapor comes from heating flavored liquids that may contain nicotine, marijuana/THC, cocaine, or other drugs. These flavored liquids release a very strong sweet smell into the air when vaporized.

2. What do vaping devices look like?

Vaporizers come in various shapes and sizes that you can view in the links below. The most common form we've seen is a Juul, which looks like an electronic flash drive that plugs into a USB port for charging. These devices can be quite small and can easily be concealed with normal backpack/school-related items.

3. What are the dangers of vaping?

Varying information has created misconceptions about vaping, however, VAPING IS NOT A SAFE ALTERNATIVE TO SMOKING. The medical community has conducted many studies and released many warnings. The biggest risks involve nicotine dependency, stunted brain development, vape juices that contain multiple known carcinogens (cancer causing elements), and many respiratory diseases.

4. Where are kids getting vaping devices?

Although it is illegal for stores to sell vaping items to anyone under 18, our students are getting their hands on them. Online purchasing without age verification, getting a device from a family member or friend, or buying them from random people all seem to be sources of distribution.

Tobacco Use Prohibited

No student, staff member or school visitor is permitted to use any tobacco product at any time, including non-school hours (24/7):

- in any building, facility, or vehicle owned, leased, rented or chartered by the Watson Chapel School District;
- on any school grounds and property – including athletic fields and parking lots – owned leased, rented or chartered by Watson Chapel School District; or
- at any school-sponsored or school-related event on-campus or off-campus.

In addition, school district employees, school volunteers, contractors or other persons performing services on behalf of Watson Chapel School District; Schools also are prohibited from using tobacco products at any time while on duty and in the presence of students, either on or off school grounds.

Further, no student shall be permitted to possess a tobacco product while in any school building; while on school grounds or property; or at any school-sponsored or school-related event, or at any other time that students are under the authority of school personnel.

Tobacco products may be included in instructional or research activities in public school buildings, if the activity is conducted or supervised by the faculty member overseeing the instruction or research project, and the activity does not include smoking, chewing, or otherwise ingesting the tobacco product.

We work closely with our local police department, which enforces state laws and local ordinances as they pertain to these devices.

Consequences

Consequences for students engaging in the prohibited behavior will be provided in accordance with the Watson Chapel School District tobacco use policy will be referred to the guidance counselor, a school nurse, or other health or counseling services for all offenses for health information, counseling and/or referral.

- Engaging in the selling, using, possessing or dispensing of tobacco, nicotine, marijuana/THC, cocaine, other drugs, controlled substance, inhalant or being under the influence of any of the above; or possession of vaping device or e-cigarette. For school purposes, the term means any level of impairment and includes even the odor of alcohol or illegal substances on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant.

Students in violation of these rules – in possession or using electronic cigarettes in school or on school grounds – are subject to immediate confiscation of the electronic cigarette and will face appropriate disciplinary consequences. Parents/guardians will be notified of all violations and actions taken by the school. School discipline structure is as follows:

First Offense: One-day suspension with required parent conference and possible recommendation to guidance counselor, nurse, or other health professional.

Second Offense: Three-day suspension and required conference w/administrative and district team members

Third Offense: A referral to the school board for expulsion.

Educating our students takes a teamwork approach as school staff and families must work together. Thank you for your time and please reach out if you have any further questions.

- *Participating in a planned district-approved activity, or*
- *Engaged in scheduled instruction at an off-site location, including remote learning*

The Watson Chapel School District will monitor online learning for attendance:

- **Active Time Spent in LMS** – This indicates time a student is active in a course that is logged and recorded by a learning management system (LMS) and is used by the district as a method to track participation in the course.
- **Student Submissions in an LMS** – This indicates required coursework submissions by a student in a course that is logged and recorded by a learning management system (LMS) and is used by the district as a method to track participation in the course.
- **Other Indicators in an LMS** – This indicates specific feature(s) that are logged and recorded by a learning management system (LMS) and is used by the district as a method to track participation in the course.
- **Teacher Tracked Work Time** – This indicates time a student is actively working on group projects and/or offline work that is logged and recorded by the course teacher and is used by the district as a method to track participation in the course.
- **Teacher and Student Communication** – This indicates academic-based communication between a student and the course teacher or the teacher and parent/guardian and is logged by the teacher and is used by the district as a method to track participation in the course.

- **Other Indicators Tracked by the Teacher** – This is a description of student participation activities that are logged and recorded by the course teacher and is used by the district as a method to track participation in the course.

Teachers and parents may use the following as a guide:

- Elementary teachers – please keep a log of your phone/email/virtual contacts with parents. This log can be done weekly (i.e., “spoke with a certain number of parents the week of 4/6-10/20” or “received email from a specific number of parents regarding assignment on 4/7/20”). If you have not connected with a parent during the week, please make every effort to contact them. The district will use a standardized log form to capture student contact time.
- Elementary schools will initially use weekly contact logs for tracking student engagement and academic progress. All students are expected to have contact with their classroom teacher each week, and if that is not possible, the district will develop other means to check on families or students who do not regularly check in with their child’s teacher. The district may involve attendance officers and court action if attendance is not documented within 5 school days.
- Secondary teachers – please be sure to run a participation query per subject area daily and keep it in a file. Create a log of all enrolled students, by week, and mark those who have participated in the learning opportunities. If you have not seen participation from a student during the week, please reach out and make contact.

How attendance participation may look:

- Attending Zoom/Google Meet sessions
- Participating in threaded discussions
- Submitting work
- Taking an assessment online and/or by using paper/pencil
- Uploading a video
- 1:1 communication via phone/email/Google Classroom

Secondary schools will initially use the learning management system for tracking student engagement and academic progress. All students are expected to have contact with their classroom teacher each week, and if that is not possible, the district will develop other means to check on families or students who do not regularly check in with their child’s teacher.

WATSON CHAPEL SCHOOL DISTRICT
4100 Camden Road
Pine Bluff, AR 71603

July 13, 2020

Dear Parents/Guardians,

In the Watson Chapel School District, we think it is as important to teach positive behavior as well as academics. In an effort to teach expected behavior, all schools in the Watson Chapel District will continue to implementing the use of **PBIS (Positive Behavior Interventions & Supports)** for the 2020-2021 school years. **PBIS** is a proactive process to improve school climate and social behavior in schools. **PBIS** will model the District Wide behavior matrix and expectations of **ROAR** which stands for R-Respect, O-Organized, A-Attentive and R-Responsible. **PBIS** will help to make our schools a more positive, respected and a fun place to learn.

Our school district has developed a small set of clearly defined expected behaviors that the teachers and staff will teach, model, and reinforce. We will use school-wide data to monitor and address behavior issues in common areas. As a district, we will take the first few weeks of school to teach the expected behaviors that are printed on the back of this letter. This copy is provided for you to discuss and reinforce expectations with your child. You will hear many good things about **PBIS** activities and rewards from your child throughout the year.

Thank you for your continued support of our students and our School District as we work to improve the academic experiences for your child/children. We look forward to a very positive 2020-2021 school year in the Watson Chapel School District.

Enjoy your summer with your children!

Sincerely,

Dr. Jerry Guess,
Superintendent
The Watson Chapel School District PBIS Team
